

# PORTS-TO-PLAINS

## TOGETHER DRIVING CHANGE

Help ensure your community continues to grow and thrive by joining the Ports-To-Plains Corridor Alliance. The Corridor ushers hundreds of thousands of travelers into Corridor communities, not only boosting local economies, but also increasing and enhancing businesses located along the nine-state route. Hotels, restaurants, gas stations, outlet malls, office parks, theme parks, convention centers and sporting venues are all examples of businesses that directly benefit from strong infrastructure.

- Better roads to attract travelers to your community / business
- Safe passage for tourists, shoppers and other visitors
- Legislative strength on the federal and state level in the form of face-to-face meetings, letters of support for your projects and collaboration with legislators on transportation funding matters
- Shared knowledge, experience and education among other Alliance members
- Collaborative economic development outreach
- Regional, national and international exposure
- Leveraged marketing resources
